I, William P Young, WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On 20050320 we were escorting a convoy on MSR Detriot south when we started taking small arms, RPG and Grenade fire. As the driver of the lead vehicle we performed our duty in accordance with SOP. Which is speed up, escort the convoy out of the Kill zone. We traveled approximately 2 mile taking fire from the right side of the road for approximately 1 1/2 miles of the 2 miles. As we traveling south I was looking in my mirror to see if the convoy was following, I heard two explosions after the explosions I looked into the mirror I saw the bus that we were escorting flip about 8 times. A Ford SUV came up beside us on my left. I saw rounds go thru the window and side of the SUV striking the driver causing him to crash the vehicle. We continued south, came to a stop at an Iraqi National Guard CP. We informed them to go and assist the convoy. While the ING were leaving, we checked the vehicle and ~~go~~ checked the only ICN driver who made it thru with us. We told him to stay with ~~the~~ his vehicle. Stallion 33A SGT Baker, SPC Malone, and me SPC Young turned around and headed back to the convoy. As travelling north in the South bound lane we recieved small arms from the left. Relaying later

remove the casualty. I grabbed a CLS bag, started trying to bandage his wounds. Approx. 5 minutes later a medic from Raven element arrived with another casualty. SFC Hammon's team returned north to collect more casualty. The Raven element ~~was~~ medic was the only person in the truck that was not injured. He took over for me and I jumped up on the 50 cal to provide security for the LZ. Approx. 12 minutes the first helicopter arrived. By then SFC Hammons had returned with another WIA. The Medivac Chopper loaded the wounded the took off. Approx. 15 minutes later another casualty was brought to the LZ. SGT Baker called another medivac. It landed approx. 3 minutes later. After the helicopter took off, The Raven Medic's truck took the lead ~~with~~ in a wedge formation heading back to the fire fight. When we arrived the fire fight was over. The medic went to the area where the enemy was to help treat wounded. I stayed on his 50 cal for approx 1hr 25 minutes, until I was relieved by another unit. I proceeded to change a flat tire on my truck. I assessed the damage to the humvee. I found 18 bullet holes, some scrapnel damage to the passenger side door. Approx 1hr 30 min. later we join the convoy of Dragon 47 and was escorted to Scania. To my knowledge. There were, 3 KIA TCN Drivers 2 WIA TCN, 4 US WIA, 26 Enemy KIA, 5 WIA Enemy 2 EPW's

That our vehicle took a round to the engine. We lost all hydrolic power, we had no brakes, no steering. While returning north we went by the Bus and SUV. I saw personell outside the bus. looked into the SUV, Saw two personell slumped over. I assumed the were KIA, because of the bullet holes in the vehicle. We continued north, we came up on the remaining convoy, we/I saw one of the refer trucks had been hit with an RPG. I looked to my left and saw 5 humvee's on an adjecent side road to the field where we started taking fire. Raven 22 was the MSR patrol that was shadowing convoys. When this all started I notice another military convoy travelling north when we got hit. When we saw the humvee's firing, we pulled in to assist and saw one US soldier being worked on. My team leader decided to go secure a LZ for a MedIVAC. While travelling south we took small arms fire from the right. We travelled approximate two miles to the Ing CP where we had the TCN driver stay. We put the TCN driver into our humvee. SGT Baker was calling in a Medivac, My Squad leader SFC. Hammons, Spc. Saylor, and Spc Vogel brought the first US. Casualty to the CCP. I helped SFC Hammons
