

What Can M66 Be Used On?

Dear Half-Mast,
We have several M66 ring mounts, NSN 1005-00-701-2810, that have been sitting around for five years. Can they still be used on any vehicles?

1LT D.S.

Dear Lieutenant D.S.,

Certainly, the M66 can still be used. On the 800-series 5-ton and M35 2 1/2-ton trucks, mount the M66 using the mounting kit that comes with NSN 1005-01-226-4589. You will also need to use the cab reinforcement kit, NSN 2590-01-322-2694. Mount the M66 on the LMTV and FMTV with mounting kit, NSN 1005-01-381-5431.

The M66 can be installed directly on the FMTV LTAS cab, but can be used only for mounting weapons. To mount the objective gunner protection kit (OGPK) on the FMTV LTAS cab, you must use the weapon station kit, NSN 2510-01-567-8727.

The M66 can be installed on the HEMTT with mounting kit, NSN 1005-01-519-2126.
