

- **SSG Uhl (Convoy Commander)**
 - Acknowledges enemy fire over radio and radios for convoy to move through kill zone
 - Advances approximately two miles from kill zone and establishes a box
 - Assesses the situation via radio
 - Begins to return to kill zone until advised by SPC Beck to keep box formed
 - Stays in box and maintains radio communications
 - Receives verification from SPC Beck that the convoy was pulling through kill zone and sets up a CCP
 - Assesses casualties as they come into the CCP and calls for MEDEVAC
 - Maintains visibility of troop status via radio
 - Mounts a HET convoy's CEP and drives back into attack area to assess damage and to account for all personnel and equipment
 - Coordinates for the recovery of vehicles left in kill zone
 - Reorganizes and consolidates convoy in order to continue mission to LSAA

- **SPC Beck**
 - Became lead operational vehicle for those vehicles trapped in the kill zone
 - Remained in truck while under fire in order to monitor radio traffic
 - Assessed the situation and advised the convoy commander to stay in box and not return to kill zone
 - Remained in kill zone after other trucks had left in order ensure that medical assistance was rendered to wounded soldiers
 - Dismounted vehicle to respond to request for medical assistance during the ambush
 - Pulled wounded soldier to a location safe from enemy fire
 - Sent radio traffic to the trucks behind her instructing them to extract wounded soldier and provided the location of the wounded soldier
 - Directs other drivers to remount their trucks so that they could move their trucks out of kill zone
 - Remounted her truck and lead other trucks out of the kill zone

- **PFC Delancey**
 - Remained in vehicle while under heavy fire in order to allow convoy to move through kill zone
 - An AAFES bus is thrown into his truck's line of travel by an IED placed in the median
 - SGT Ricketts swerves into the median and their truck becomes stuck in the mud
 - PFC Delancey is struck twice in the helmet from gun fire coming from both sides of his vehicle and he returns fire to the right
 - A RPG lands on the hood of his truck right in front of him, and after receiving burns from the mortar blast, PFC Delancey kicks out the shattered window in front of him and continues to provide suppressive fire in order to keep the gun fire off of his vehicle and his injured co-driver, inflicting 2-6 casualties on insurgents
 - Dismounts his disabled truck while under fire and mounts another M915

- **SPC Birkel**
 - Remains in vehicle while convoy is ambushed in order to provide maintenance support to disabled vehicles in kill zone
 - Monitors radio traffic and acknowledges that injured soldier has been left in the kill zone
 - Transmits to those left in the kill zone that he is going to recover injured soldier
 - Dismounts vehicle while under fire and runs 300-400 meters through kill zone
 - Finds SGT Ricketts and places him into a white truck with SPC Sharples' assistance and tells the driver to get out of the kill zone
 - Notices that TCN and DoD drivers have dismounted and are hiding in the ditches next to the road and gets them back into their trucks and out of kill zone
 - Assesses trucks stuck in the kill zone and replaces a disabled tractor with a mission capable tractor
 - Stays in the kill zone until the last vehicles leave in order to ensure that everyone is out of the kill zone

- **SGT Brown**
 - As TC of the rear CEP, makes the call to move forward into the kill zone in order to provide suppressive fire for the convoy
 - Instructs SPC Hernandez to maneuver vehicle into a defensive position behind the two KYNG CEPs
 - Assists SGT Hernandez in moving injured KYNG soldier into one of the KYNG CEPs while under fire
 - Called for MEDEVAC while SGT Hernandez performs first aid on the injured KYNG soldier
 - Takes a dismounted defensive position with his M249 SAW and becomes base of fire for the effort to repel to ground assault of 10-15 insurgents
 - Formulates plan to get injured KYNG soldier moved to the south CCP and to recover SGT Hernandez
 - Drives CEP to rear of convoy and notices that SPC Hubbard is injured
 - Informs south CCP that another casualty needs to be recovered
 - Assists in moving SPC Hubbard into HMMWV dispatched from the south CCP

- **SPC Sharples**
 - Remains in vehicle during ambush and attempts to advance out of kill zone
 - Notices that TCN and DoD drivers have dismounted and are hiding in ditch next to the road
 - Dismounts his vehicle in order to get drivers to mount and clear the kill zone
 - Runs back to SPC Birkel's truck and asks for assistance in getting drivers back into trucks and informs SPC Birkel that SGT Ricketts has not been picked up and moved out of the kill zone
 - Runs forward with SPC Birkel in order to provide assistance in getting SGT Ricketts in vehicle
 - Assists SPC Birkel in getting SGT Ricketts in DoD vehicle
 - Assists SPC Birkel in getting drivers remounted and out of kill zone
 - Assists SPC Birkel in replacing damaged tractor with fresh bobtail while in attack area

- **SGT Hernandez**

- As driver of rear CEP, maneuvers vehicle into kill zone in order to allow the convoy to move behind him
- Assesses the situation and spots the two KYNG CEPs engaged in the firefight ahead of his position
- Pulls up to the rear of the KYNG CEPs and parks vehicle in a defensive posture
- Spots an injured KYNG soldier on the ground and dismounts while under fire to render medical assistance
- Moves injured soldier into a secure position inside one of the KYNG CEPs
- After performing first aid actions on soldier, takes a dismounted defensive position
- Becomes part of the effort to repel ground assault of 10-15 insurgents
- Kills the last assaulting insurgent roughly 3-5 meters in front of him
- Recognizes that injured soldier needs to be moved to the CCP and mounts the KYNG CEP and drives it to south CCP

- **SPC Schrad**

- Remains mounted in maintenance bobtail in order to provide maintenance support to convoy in kill zone
- Dismounts and covers SPC Birkel as he moves to the front of convoy to recover SGT Ricketts
- Neutralizes enemy position along with Regulator 2 which allows SPC Birkel and SPC Sharples to get drivers back into trucks and out of kill zone
- Stays in the kill zone until the last vehicles leave in order to ensure that everyone is out of the kill zone
